

Fourth edition Myplant & Garden starts next week

The fourth edition of Myplant & Garden – **live demonstration areas and a significant panorama of innovations, business opportunities and contacts for professionals in the green industry.**

From 21 to 23 February the halls of Fiera Milano will transform into a huge 45,000-sqm greenhouse – the size of 6,5 soccer fields, or 170 tennis courts. This event has already been able to change the Italian trade fair universe in a few years only, also by giving it a strong international resonance.

MyPlant & Garden has expanded with a third hall, number 12, that adds 15,000 sqm to the surface of the exhibition. Hall 12 will be provided with its own direct entrance and it will welcome visitors side by side to the “historic” entrances between halls 16 and 20.
