

NEW DATES: 17 TO 19 FEBRUARY 2027

Myplant & Garden to take place a week earlier

The Italian garden trade fair Myplant & Garden will take place a week earlier than originally planned next year. The new dates for the 11th edition of the fair are 17 to 19 February 2027, according to the organiser, V Group. This has been agreed with the exhibitors and the Myplant & Garden Consortium, which represents companies from the sector. The key factors were that the new dates avoid clashes with other major events, simplify logistical planning and make it easier for international visitors and exhibitors to attend. Myplant & Garden takes place at the Fiera Milano-Rho exhibition centre in Milan.
