

Claes Bastrup, Gartneriet PKM:

Danish campanulas ready for spring rush

It's spring, and people have plants on their mind. To meet the expected surge in demand, Gartneriet PKM, the largest campanula grower in Denmark, filled up every m2 of their greenhouse. "The weather forecast for next week is very good, and we hope the sales will be equally good", says Claes Bastrup, Sales Manager at the company. "Hopefully, the garden centers in Europe will be completely empty by Sunday, so then, they will place many orders on Monday and Tuesday to get ready for the coming week."
