

Photo report Myplant & Garden: cut flowers, succulents and ice skating

Last week, the tenth edition of Myplant & Garden took place in Milan. The trade fair has grown into one of the largest B2B horticultural exhibitions in Italy and has continued to expand over the years. This year again, the exhibition increased in size compared to last year in terms of floor space, number of exhibitors, and visitors. FloralDaily was once again present to make a photo report.

[View the photo report here.](#)

Wim Zandwijk of Muller Seeds, Nicola Lo Muzio, Ard Bruggeling and Francesco de Angelis of Beekenkamp Plants, Laurent Mossan and Luigi Vasarri of Morel Cyclamen, Ed de Groot of 247flowers.online

Tomorrow we will share an extensive report on the exhibition. For now: [time for photos!](#)
