### **Authentic Festival of Plants, Flowers and Landscape**

The fifth edition of Myplant & Garden (February 20-22, 2019) will be an authentic festival of plants, flowers and landscape.

45,000 sqm in the halls of Fiera Milano-Rho will transform into a huge greenhouse. In this, urban forests, colourful lawns, flower-fashion runways and advanced robotics placed within green-living ambiances will host visitors from all over the world.

### **Tradition of the Belpaese**

Myplant & Garden is ready to gather and re-launch the best horticultural tradition of the Belpaese, thanks to its leading role as the trade fair for the industry in the Mediterranean. It also attracts the big international names of the sector by welcoming them in a prestigious exhibiting arena.
