

JANUARY 12 DEADLINE FOR 'SKY FARM'!

January 12 Deadline for 'Sky Farm'!

In 2020, Myplant & Garden will celebrate its 5th Edition.

To co-incide with this, Myplant & Garden has set forth a creative design competition , entitled 'Sky Farm'. This is with the aim of giving value to the work of designers and operators in Landscape Architecture.

Innovative Rooftop

A large green area with a strong innovative take and zero emissions will be built on the rooftop of a new shopping mall near Turin. This will welcome visitors, charities and schools with educational projects, labs, didactic and sensory paths.

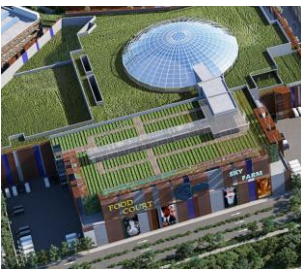

Rooftop Design

The 'Sky Farm will be created on a portion of the rooftop (3,900 sqm) of the new destination centre Caselle Open Mall (COM). This is in the process of being developed at Caselle Torinese, near Turin's International airport "Sandro Pertini".

Cultivation Of Plants & Vegetables

The competition will be dedicated to the learning and spreading of new techniques and technologies for the cultivation of flowering plants and vegetables, both outdoors and in the greenhouse.

€10000 First Prize

The winner of the first place in the competition will receive a €10000 prize, whereas the second and third will receive a prize of €2500 each.

Applications must be received no later than 12 January 2020. The Inauguration and Award ceremony will take place during the Myplant & Garden Trade Fair in Milan (26-28 February 2020).
